

POOL NOODLE AIRPLANE

SUPPLIES:

•Pool Noodle •Cardboard •Nickels •Scissors •Glue Gun •Duct Tape

OPTIONAL: •Foam Sheets

DIRECTIONS:

1. Cut 12 inch pool noodle segments.
2. Cut out 4 identical cardboard wings.
Optional: Cut 2 cardboard and 2 foam wings.
3. Use a glue gun to glue wings together.
4. Cut a slit for the wings about 3” down the same length as wings.
5. Hot glue the wings into the slits.
6. Cut a tail out of cardboard or foam.
7. Use duct tape and tape nickels together for balance.
(Experiment with the number of nickels needed)
8. Insert nickels into the nose or end hole of plane.
9. Fly your planes.

Experiment with the number of nickels, shapes of wings, & shape of tail fin.
